

EASEMENTS FOR COOPERATIVE LINES

I. OBJECTIVE

To provide for obtaining easements for service extensions and system improvements as required.

II. POLICY

- A. Members requesting service from the Cooperative will grant easements over land owned by them for the distribution lines of the Cooperative without charge to the Cooperative as provided in the Bylaws. Members may be responsible for assisting in obtaining easements from other affected land owners for new service extensions when necessary.
- B. When, in the opinion of the Board of Directors, condemnation proceedings are necessary, the proper officers are hereby authorized to institute said proceedings in such courts as necessary to secure proper right-of-way for the construction of distribution lines, substation sites, and all other needs of the Cooperative.
- C. Easements will be recorded in the respective county's appropriate public records office.

III. RESPONSIBILITY

- A. Board of Directors
- B. President & CEO
